

Industry Update 2

Regency Building Supplies has gone blue!

Regency Building Supplies is the leading stockist of the full range of termite resistant structural timber (H2 treated timber) products in South Australia, offering a total termite resistant structural timber solution.

Regency Building Supplies has made the strategic decision to only stock H2 structural timber products. We do so believing that all builders and carpenters using timber products will want to use the superior H2 product that comes guaranteed to be termite resistant.

Why Regency Building Supplies?

- Values of customer service, innovation and professionalism
- Experienced and knowledgeable sales team
- Experienced truss designers providing expert advice
- A complete quantity estimating, quoting and detailing service
- Council liaison services
- Site measure service available

What H2 Timber Products Are Available?

- All Structural floor, wall and roof frame timber
- Floor trusses
- Roof trusses
- Timber lintels
- Laminated Veneer Lumber (LVL) beams
- I joists and beams
